Our New Location

Gives Us a Distinct Advantage in Serving Our Trade

The building is situated and constructed ideally for our use. We have always desired a corner location with side doors for receiving freight and delivering goods, thus not interfering with the front of the store and blocking main passage. We've wanted plenty of light and air and convenient arrangement for working rapidly and turning out orders quickly. We've wanted "the entire store on display" with all goods compactly arranged. We've wanted screens and glass protection of all goods. We've wanted everything clean and sanitary; no filth, no flies, no vermin, no cuddy-holes or catch-all places. We've wanted a cool place for our canned goods, cereals and other things affected by hot weather, which we have in our large basement.

We have all these things in our new store and are delighted with them, glad in our own behalf and glad for our customers. Our New Market is receiving splendid patronage and customers are continually telling us how pleased they are with our meats and pleased that we carry BEST QUALITY OF MEATS of all kinds, and handle them in the very cleanest way. Come to see us.

Says President Misstated Facts—Declares Democrats May Shut Off Money Supply of Tariff Board.

[By Associated Press.] Quincy, Ill., Aug. 29.—Speaker Champ Clark today issued a statement replying to President Taft's speech of Saturday at Hamilton, Mass. Mr. Clark accused the president of not stating facts. Mr. Clark said he did not reply for the insurgents, "who doubtless will take up the cudgel in their own behalf." He declared that if the tariff board is to be used as a pretext for delaying tariff revision downward the democrats will shut off the board's source of money supply.

SPECIAL SESSION DYING HARD

Senators Sleep on Cots in Senate Chamber Awaiting Quorum. Senator Hudspeth's Pockets Picked.

[By Associated Press.] Austin, Texas, Aug. 29.—Signalized by one robbery in the senate chamber, the night passed with the senate in session, the senators taking naps on cots. This morning found that body with twenty members on the floor and a quorum still lacking.

Senator Hudspeth while asleep on a cot near a window with his trousers hanging over a chair nearby was robbed of \$74. It is believed, by a sneak thief who stole up on the wide window ledge and took the money.

The sergeants-at-arms this morning are scouring the city for absent members, but it is believed that the latter have left town in automobiles. About forty bills which passed the house will die a natural death on the senate calendar unless a quorum is secured.

House Can Do Nothing More.

[By Associated Press.] Austin, Texas, Aug. 29.—The house decided at 10:30 o'clock this morning that it could not legislate any more under the present rules, which prohibit legislation within twenty-four hours of adjournment. Representative Robertson will try to have this rule suspended.

Owing to the absence of Senator Lattimore, the senate committee appointed to investigate the liquor license correspondence of the comptroller's department could not begin work today.

Two-thirds Vote to Suspend Rules.

[By Associated Press.] Austin, Texas, Aug. 29.—The house finally decided that legislation could be handled only by a two-thirds vote to suspend the rule in each individual case. Local measures were then taken up.

House, Quorum Oozes Away—Governor's Vetoes Ready.

[By Associated Press.] Austin, Texas, Aug. 29.—Senator Ratliff appeared voluntarily in the senate chamber at 11:45 a. m., but it was then discovered that a member of the senate, meanwhile, had in an unknown manner escaped from the chamber, thereby leaving the senate still without a quorum. It became known definitely that Governor Colquitt has been waiting for the appearance of a senate quorum to send in veto messages on the senatorial redistricting bill and on two or three items of the appropriations bill, including the \$82,000 appropriation for the attorney general's department.

THROW BLAME ON INTERSTATE COMMERCE COMMISSION

Railroads Say Refusal to Permit Increase in Freight Rates Caused Dismissal of 81,870 Men.

[By Associated Press.] Chicago, Aug. 29.—The American railroads in the past year have dismissed from their service 81,870 men, thus effecting a saving in operating expenses of about \$94,000,000, according to a report made today. This is said to be the result of the interstate commerce commission's refusal to permit increased freight rates and to be partly the cause of the present unrest among railroad employees.

GREAT MEET AT READVILLE

Boston, Mass., Aug. 29.—Forty-one thousand dollars in stakes and specials to be awarded during five days of racing make the Readville harness meet inaugurated this afternoon among the richest the Grand Circuit has known in years. From all over New England the lovers of the trotting and pacing horses are gathering at the big Readville plant to witness this afternoon's inaugural card, which has as its headliner the \$7000 American Horse Breeder Futurity, a trotting event for foals of 1908, and the \$3000 pacing futurity for foals of the same year. There are also two \$1000 events scheduled for decision this afternoon, one a 2:16 trot and the other a 2:04 pace.

Tomorrow will be another big day, with the famous Massachusetts 2:12 trot, worth \$5000, as a feature. There will also be a 2:08 pace and a 2:03 trot, each for \$1000.

Thursday the \$5000 American Derby, the \$2000 Blue Hill and the \$2000 trot for foals of 1909 are scheduled, and on Friday the \$2000 Bunker Hill Handicap and two \$1000 events are on the program. The Derby and the Bunker Hill handicaps are to be decided on different lines than those of the past. There will be two trial heats in each, with a purse, then the money winners in each division will have a dash for the bulk of the prize.

The program for the final day (Saturday) is headed by the Neponset 2:13 pace for a purse of \$2000. There will also be a 2:06 trot for \$1000. In addition to the above named purses, the management has reserved \$5000 for specials to be decided during the week.

PRETTIEST THING

In My Home

is a Maceys Book Cabinet

To surround your children with furniture by the Old Masters is an education. It is like living with cultured people.

Why not one of the new Maceys Book Cabinets in your home—the only sectional bookcases made which express the genius of the most noted old furniture craftsmen? Sheraton, Chippendale, Robert Adam and Fra Junipero were as great in furniture art as Shakespeare in literature or Michael Angelo in painting.

Why not a Maceys Book Cabinet to inspire ambitions and refined ideas of taste in your children, never to be lost again throughout all the days of their lives.

Why not—indeed! But do you know it has taken years to bring this about?

The new Maceys Book Cabinets retain every desirable feature of the Unit Idea. The result has been worked out so that unit sections can be added, taken away, or re-arranged without destroying their beauty. The doors never stick, and always open and close smoothly. Artful cabinet work now does away entirely with metal bands, so you never think of the ordinary sectional bookcases when you see a Maceys Book Cabinet.

Applying the Unit Idea to beautiful home furniture is the conception of Mr. O. H. L. Wernicke, "father of sectional bookcases." (His name is still used in the corporate title of a competing concern with which he has long since had no connection).
